Honorable Laura Taylor Swain  
Federal Judge, U.S.D.C. Judge

Please accept my highest respect.

A few ideas have sprung forth from my mind for the State Police, Correctional Officials and Public Education Teachers. That the individuals and companies that are currently exercising their work duties be charged from one to three percent on a permanent basis of payment to the Federal Treasury; purposes and plans for those dollars being to pay raises for the main security agency. In other words, the Federal Retirement system and the supplementary social security of the Police force of Puerto Rico, and that for those of us who collect less than \$1,000.00 be granted an increase of \$500.00 and 5% annually due to the high cost of living. That would be annually, and, as I expressed and wish to be understood and to convince to that no one in Puerto Rico would include their politicians, they are not to have any interference whatsoever with all this, and that this Federal Law would protect the teachers.

Thank you very much, from Edwin Ortiz Vazquez.

and that by order of the Federal Court, yourself being the Honorable Federal Judge, from 3 to 4 % of the taxes be eliminated for us from the taxes that we pay on gasoline in Puerto Rico. It is certain that no matter how much costs are lowered, we always pay very high price for gasoline, electricity, water and so many other things that we have to pay for. But our politicians are crazy, creating laws that empty us out of the few cents and dollars we have, and that the Federal Fiscal Control Board will stop their slippery ways, like the politicians in Puerto Rico and others.

Thank you very much

This is the third time that I am sending information to you, Honorable Judge Laura Taylor Swain.  
That is all.

Edwin Ortiz Vazquez

In Puerto Rico, most of the employees collect very little, but employees in the television channels and many others have a good salary and benefits, and public private companies. There are other areas that can →

3. [illegible] to pay federal taxes for the good of the U.S.C. in Puerto Rico and public agencies, including the State insurance fund corporation, they collect a good salary and have plenty of money in their coffers, and like that agency there are others, both public and private, that the Federal Fiscal Control Board does not reach. They continue their slippery ways, like the politicians and others.

We have serious problems with owners and shareholders of medical plans. While they enrich themselves and make millions of dollars, us patients and doctors do not receive the appropriate health

services. And places for health services, so that in every doctor's office they should provide health services that include all the medical plans.
